THREDZ INFRA CONTRACTING L.L.C

Building safe, sustainable, and high-quality infrastructure
across the UAE since 2014

ABOUT OUR COMPANY

About Us

Established in 2014, **THREDZ INFRA CONTRACTING L.L.C** is a leading infrastructure solutions provider based in Dubai, UAE. We specialize in delivering high-quality construction services across the commercial, industrial, and residential sectors.

With a focus on precision, safety, and innovation, our experienced team offers end-to-end solutions including **asphalt works, RCC structures, pre-engineered steel buildings, yard development, and MEP services.**

At THREDZ, we don't just construct buildings—we create value through dependable delivery, sustainable practices, and long-term partnerships.

"We don't just build infrastructure — we build trust."

VISION

To be recognized as one of the UAE's most trusted and quality-driven infrastructure contractors.

MISSION

01

We deliver high-quality infrastructure tailored to each client's unique needs. Our expertise ensures precision and long-lasting results across all sectors.

02

We prioritize safety at every stage of construction. Our methods support sustainability and environmental responsibility.

03

We commit to completing projects on time and within budget. Efficiency and accountability drive every milestone we achieve.

04

We build strong partnerships through transparency and respect. Client satisfaction is the foundation of our continued success.

CORE VALUES

01 Safety First

We prioritize the health and safety of our workforce and clients.

02 Uncompromised Quality

Every project meets the highest standards of workmanship.

03 Environmental Responsibility

We support sustainable construction practices.

04 Client-Focused Service

We believe in transparency, communication, and satisfaction.

05 Integrity in Action

Honesty and ethics guide every aspect of our operations.

06 Team Collaboration

We achieve more by working together.

OUR SERVICES

Comprehensive Construction & Contracting Solutions

We offer a full spectrum of construction and infrastructure services designed to meet the evolving needs of commercial, industrial, and residential clients. With an integrated approach and a skilled team, we deliver end-to-end solutions that ensure quality, efficiency, and long-term value in every project.

Asphalt Works

We specialize in roadways, driveways, parking lots, and walkways. Our asphalt paving solutions are durable, weather-resistant, and delivered with precision.

RCC Structures

From foundations to superstructures, our RCC construction ensures stability, safety, and longevity using certified materials and industry-standard engineering.

Yard Development

We prepare industrial and commercial yards with earthwork, grading, stormwater drainage, and paving solutions tailored for heavy-duty use.

Pre-Engineered Steel Buildings (PEB)

We design, fabricate, and install cost-effective steel structures, ideal for warehouses, industrial spaces, and commercial buildings.

MEP Services

Our in-house MEP division offers complete mechanical, electrical, and plumbing solutions with seamless integration into existing or new projects.

SCOPE OF WORK

General Contracting

Thredz delivers complete turnkey solutions, covering design, engineering, supply, installation, and commissioning across:

Civil construction | HVAC systems

MEP (Mechanical, Electrical, Plumbing) | Interior works

For industrial, commercial, and residential projects, we ensure end-to-end execution with pre-construction planning and value engineering.

Civil Works

Our civil engineering scope includes:

Structural construction (concrete, steel, masonry) |

Foundations, slabs, and substructures | Infrastructure works

(roads, drainage, paving) | Finishing and architectural detailing

We manage all phases—from groundworks to final finishes—with safety and quality compliance.

Electrical Services (MEP)

We offer complete electrical system services including:

LV/MV distribution (up to 50kV) | Low-voltage and control systems | Site and interior lighting | Generators & UPS systems | Earthing, lightning protection, and startup commissioning | Power quality, arc-flash, and fuse coordination studies

Plumbing & Fire Fighting

Our mechanical scope includes:

Water supply and filtration systems | GRP tanks, submersible and domestic pumps | Sewerage treatment systems | Fire suppression and firefighting networks | Compressed air systems

PROJECT HIGHLIGHTS

We take pride in executing a wide range of successful infrastructure projects across the UAE.

Logistics Yard Development

Jebel Ali Free Zone

- Scope: Site leveling, asphalt paving, drainage installation
- Outcome: Completed 3 weeks ahead of schedule

Commercial Steel Building

Sharjah

- Scope: Full PEB solution with HVAC and lighting
- Client: Manufacturing firm
- Duration: 6 months

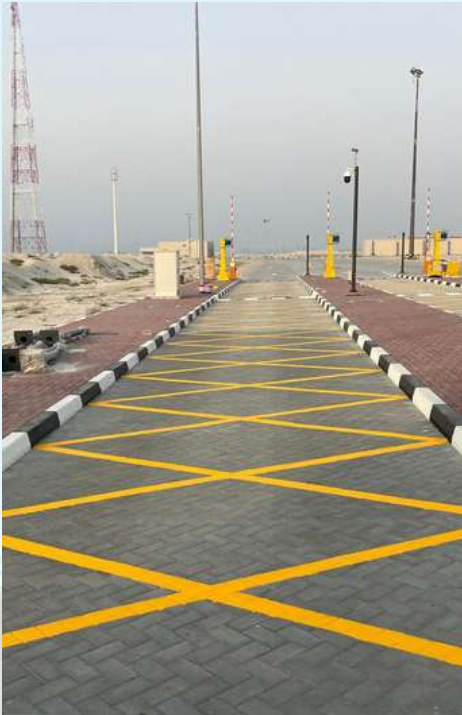

Asphalt Road & Parking Works

Dubai Industrial City

- Scope: Road surfacing, kerbstone installation, markings
- Outcome: On-budget delivery with zero safety incidents

PROJECT GALLERY

OUR MAJOR CLIENTS & PARTNERS

We are proud to have partnered with a diverse range of clients in the public and private sectors.

HEALTH, SAFETY & QUALITY COMMITMENT

At THREDZ, we uphold a zero-compromise policy on health, safety, and quality. We believe a safe site is a successful site—and our safety-first approach protects lives, property, and reputation.

Key Commitments

- Regular safety audits and compliance inspections
- On-site HSE officers and trained safety personnel
- Quality control procedures at every stage of work
- Environmental protection via waste management and sustainable materials

Our quality objectives

- Zero rework through first-time-right execution
- Full compliance with client specifications and UAE regulations
- Continuous improvement through staff training and feedback

THANK YOU

We are ready to assist you
